

Your Account and Your Medicare Rebate

YOUR ACCOUNT

Fees for pathology tests are separate from the fees charged by other doctors. Your Medicare rebate is the Australian governments subsidy for you pathology services when they are included in the Medicare Benefits Schedule (MBS).

There are tests that are not fully funded by Medicare where out of pocket fees apply. Details of these tests can be obtained from the laboratory (Accounts Department).

This account is for pathology tests that have been performed and reported to your treating doctor.
